Register for #BMES2020 today!

We have a new and exciting virtual format planned for this year’s Annual Meeting! The BMES Board of Directors, Annual Meeting Co-Chairs, and staff are working hard to ensure a stellar attendee experience. The Annual Meeting will bring you extensive networking, live and on-demand interactive sessions for your professional development, cutting-edge research from inspiring speakers, and so much more!

#BMES2020 (October 14-17) will be a completely virtual experience with your BME community.

Here’s a sneak peek of what to expect!

- Access to all technical, platform, plenary and on-demand sessions with over 900 live and on-demand presentations
- New sessions on technologies for emerging infectious diseases and how to bridge the gap in health disparities
- Virtual expo hall to engage 1:1 or in a group setting with universities and companies of your choice
- An estimated 1200 e-poster presentations - all available 24/7 as well as during the session, with an uploaded presenter video and an interactive chat
- Online networking events and engagement opportunities to include contests, 1:1 chats, “People Matching” to get to know your colleagues as well as a wellness corner
- Student-centric activities including resume writing and speed interviewing
- Opportunities for attendee interaction with presenters and other participants via Q&A submissions, polling, chat, and networking events
- 30-day on-demand access to scientific content

Still have questions? Visit https://www.bmes.org/faqs.
Late-Breaking Abstracts

Did COVID-19 delay your research? We are now accepting submissions for late-breaking abstracts! Accepted submissions will be for POSTER presentations only.

Deadline to submit: August 31

Submit an abstract

Meet the Faculty Candidate

Deadline to submit: August 28 at 5:00 PM EDT

Submit an application

BMES Webinar: Current Topics in BME ABET Accreditation

Join BMES in September for a webinar to hear from key members of the BMES Accreditation Activities Committee about updates and experiences on ABET Engineering Accreditation Commission (EAC) accreditation to learn about the expectations of self-study reports, team campus visits and COVID-19 impacts. Details about the webinar and how to register are coming soon!

Member news, driven by our members

BMES calls for all members to share news about their professional achievements, successes, and endeavors so we can include it in the monthly BMES newsletter.

Feel free to send an email to Katherine@bmes.org.
