Score - lowest/best & highest/poor

RUBRIC

Nomination Summary demonstrates nominee's work conforms to and supports the goal of increasing diversity in biomedical engineering.

Scale 1 to 10:
 1 - many examples of contributions to diversity in biomedical engineering.
 10 - no examples of contributions to diversity in biomedical engineering.

Nomination Summary identifies nominee's work in diversity is innovative and different from existing programs.

Scale 1 to 10:
 1 - strong demonstration of work in diversity is innovative and different from existing programs.
 10 - no demonstration of work in diversity is innovative and different from existing programs.

Nomination Summary clearly describes the community served and reach of the nominee's work in diversity.

Scale 1 to 10:
 1 - clear description of community served and reach.
 10 - no description of community served and reach.

Nomination Summary supports nominee has made a measurable impact through their work in improving diversity in biomedical engineering.

Scale 1 to 10:
 1 - strong examples of measured impact.
 10 - no examples of measured impact.

Nomination Summary includes nominee's plans to continue work in diversity.

Scale 1 to 10:
 1 - Strong demonstration of plans to continue work in diversity.
 10 - No demonstration of plans to continue work in diversity.
